## Scholarship at Chamberlain

### Scholarship

At Chamberlain, scholarship development is essential for advancement in academic rank. A faculty member chooses a minimum of one of the four areas outlined in the academic procedure S-663, Advancement in Academic Rank, for the focus of professional development and scholarship. Activities that would be considered as scholarship have three characteristics.

### Scholarship Characteristics

Scholarship must be  
a) made public,  
b) open to critical review and evaluation by knowledgeable peers, and  
c) accessible for exchange and use by others. Furthermore, scholarship activities are goal-directed and employ appropriate methods for inquiry and reflection.

### Scholarship Characteristics

Furthermore, scholarship activities are goal-directed and employ appropriate methods for inquiry and reflection.

## Areas of Scholarship

Click to explore accomplishments and supporting evidence which demonstrate each specific area of scholarship.

## Discovery

Chamberlain recognizes the Scholarship of discovery as scholarship which produces knowledge that is interdisciplinary, collaborative across disciplines and within nursing. Individual accomplishments which characterize the Scholarship of Discovery include:

### Discovery: Accomplishments

- Participated in individual or group research
- Wrote grant and/or other funding proposals for both individual and group research projects
- Authored publications or developed professional presentations of own research

### Discovery: Evidence

Supporting evidence of Scholarship of Discovery accomplishments include:

- Copies of grant proposals
- Letter of validation for group projects: writers speak specifically to qualifications of candidate in research
- Copies of publications or presentations

### Application Integration

Chamberlain recognizes the Scholarship of Application/Integration as activity which is beyond College service and reflects impact on organizations. Individual accomplishments which characterize Scholarship of Application/Integration include:

### *Application Integration Accomplishments*

- Active leadership on community boards
- Actively participated in the political process
- Developed and/or presented written material or workshops for lay audiences
- Authored publications or developed professional presentations about the philosophy and practice of service to society by the nursing profession

### *Application Integration Evidence*

Supporting evidence of Scholarship of Application/Integration include:

- Copies of publications or presentations
- Letter of validation regarding service activities: writers speak specifically to qualifications of candidate in service

### Practice Integration

Chamberlain also recognizes the Scholarship of Practice/Integration as maintenance of clinical competency of faculty and the advancement of clinical knowledge in the discipline; practice roles for faculty may include direct caregiver, educator, consultant, and administrator

Individual accomplishments which characterize Scholarship of Practice/Integration include:
